

**AUTHOR'S GUIDELINES**

- Scientific /Research/Clinical papers are invited for oral presentations in each of the four technical sessions of the Congress. The research papers must be based on original work of authors, which has not been published / presented in the same form elsewhere in print or electronic media.
- The abstracts should be in, editable MS word format, Times New Roman, font size 12pt, 1.5 line spacing and should not exceed 250 words. After online transfer of registration fees, the participants should register online through [www.ivakvsc.org](http://www.ivakvsc.org) followed by abstract submission through email [kvsc2020iva@gmail.com](mailto:kvsc2020iva@gmail.com), along with authorship certificate / bonafide certificate / guidance certificate.
- In the email, along with the submission of abstracts, details like session number, delegate category (type), bank transaction ID and date, amount remitted and the registration number allotted in online registration should be included
- Acceptance of the abstracts will be intimated through website / email only. The authors of the abstracts accepted for oral presentation will have to submit their full papers for including in the Compendium. Number of papers permitted per person is limited to three. An author can make one oral presentation in the science congress, provided the abstract is recommended by the review committee, even if he/she might be author in more than one paper.
- Registration is mandatory for participation / presentation of papers. Authors who have registered in the congress shall only be entitled for oral presentation.
- The proceedings of the Science Congress will be uploaded in the website. Guidelines for preparation of abstracts and full papers will be available at the website. The delegates registering for the Science Congress are entitled to get certificate and e-compendium. Postgraduate and Under graduate student delegates shall also submit a bonafide student and / guidance certificate from the Head of the Department or Major Advisor. The last date of registration and abstract submission is 10<sup>th</sup> September 2020.

**CHECKLIST FOR SUBMITTING ABSTRACT**

1. Online amount transfer of registration based on category.
2. Online registration (using above amount transaction ID) through website (you will be provided with registration number in your valid e-mail provided during registration)
3. Abstract & scanned copy of relevant certificates (Authorship, bonafide student and guidance certificates) may be sent through email. [kvsc2020iva@gmail.com](mailto:kvsc2020iva@gmail.com) (referring name of the registered author, category you belong, registration number allotted to you, amount transferred, Transaction ID and date of transaction)

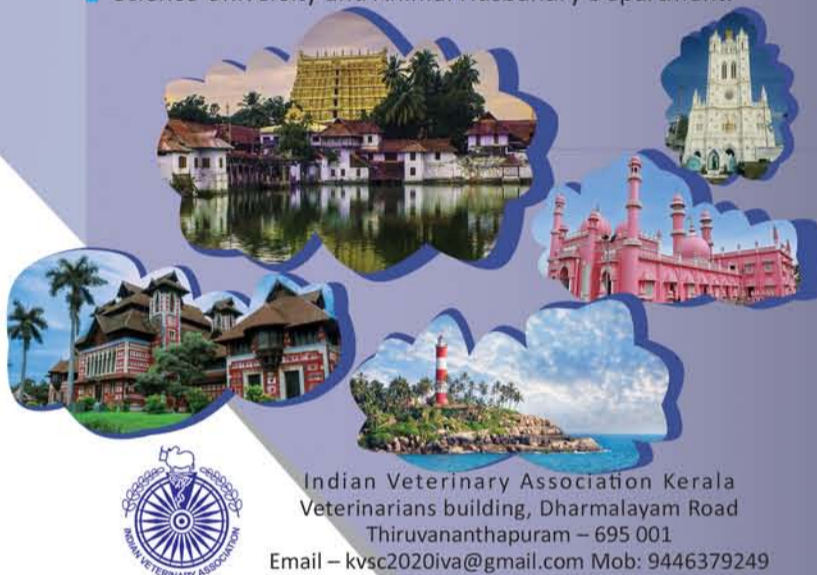

**AWARDS AND HONOURS**

Cash prizes and certificates will be given to the best papers of each session. In memory of late Dr. V. Murugesan, there will be an endowment prize for the best paper in session III - A practitioner's approach to diseases/conditions

**HOW INDIAN VETERINARY ASSOCIATION KERALA STANDS OUT?**

Indian Veterinary Association (IVA), Kerala is the main professional organisation of the veterinarians of the state swearing allegiance to World Veterinary Association and Commonwealth Veterinary Association. This association has more than 2000 members engaged in various avenues as scientists, researchers, wildlife managers, breeding experts, teaching faculty, field practitioners etc. Being a professional body, we have been straining every nerve to enhance the competence by capacity building sessions and skill development programs. Due thrust is also given to inculcate professional values and ethics in our young veterinarians which are the hallmarks of a noble professional.

The Kerala Veterinary Science Congress (KVSC) was conceived in the year 2003 by the association and through leaps and bounds got transformed into a glorious annual, scientific meet organized by Indian Veterinary Association, Kerala, since 2009. This meet is being organised with a view to give young budding vets an opportunity to showcase their knowledge, researchers to popularise their findings, students to assess their competence and field veterinarians to highlight their issues to a scientific forum which can possibly bring out practical solutions through applied research. The Kerala Veterinary Science Congress is organised by Indian Veterinary Association, Kerala in association with Kerala State Veterinary Council, Kerala Veterinary and Animal Science University and Animal Husbandry Department.

**12th KERALA VETERINARY SCIENCE CONGRESS**  
14<sup>th</sup> & 15<sup>th</sup> November 2020  
Virtual mode Hosted online

Invitation For Knowing and sharing research amongst academicians, scientists and veterinarians  
Evolving strategies for combating diseases of livestock and poultry in the current global scenario

[www.ivakerala.com](http://www.ivakerala.com)

Dear Doctor,

We are happy to inform you that Indian Veterinary Association - Kerala has been awarded the "World Veterinary Day Award 2020", amongst the more than 90 units spread across the world. We humbly dedicate this award to each and every veterinarian and the members of the state unit in particular for the whole hearted co-operation extended. Along with the fame this bestows on us a lot of responsibility to maintain high standards and to progress further. Indian Veterinary Association - Kerala is steadfast in bringing about continual improvement of veterinary profession through capacity building, information sharing and arranging suitable platforms for scientists, academicians, researchers, students, field practitioners, wildlife experts and veterinarians in allied sectors for providing insights into recent trends and strategies to face the challenges in the present times. With this objective in mind, let us inform you with pleasure that this year also, we are organising our prestigious annual event Kerala Veterinary Science Congress during 14<sup>th</sup> and 15<sup>th</sup> November 2020. Albeit having many constraints due to restrictions on movement and pooling of manpower and resources, Indian Veterinary Association - Kerala is undeterred, in the conduct of the proceedings of the scientific meet, since this ritualistic scientific annual event never had a setback ever since 2010. The prevailing protocol of Covid 19 restricts us to opt a virtual platform for the presentations of the scientific seminar with the ultimate aim of popularizing scientific research for the service of mankind. Since the whole world is battling with COVID 19, we find it very difficult to organize this program in grand venues as it used to be in yester years, and hence a whole hearted co-operation and support to this online mode of conduct is expected from each and every delegate.

The theme for Kerala Veterinary Science Congress 2020 is "Evolving strategies for combating diseases of livestock and poultry in the current global scenario". The programme will span for two days. Scientific papers will be presented by renowned National and International speakers and eminent scientists with an exclusive session for practicing veterinarians. The mode will be online in a suitable web platform in 3 selected regional hubs. The explicit details of the mode and conduct of the proceedings will be communicated in due course.
